Homecoming '83

Memories of high school years tend to be pleasant when thoughts of happy times are remembered. Homecoming 1982 for many will be one of those happy memories.

Special fun days lightened classroom dredgery. In commemoration of the fat of the world, one day was set aside. We remember with a bit of a chuckle timy Deleslie King constantly losing her "fat!" Big cowboy hats were new to Myriam and Vicki Rodriguez, our two foreign exchange students. Teachers feared for student modesty on Toga day when the halls of Joseph City High School swarmed with young men and women bedecked in no more than bedsheets. Then everyone was surprised with the dignity and class on dress up day.

Homecoming spirit took a wild jump when a wildcat volleyball victory was won. The boys Homecoming football game did not do as well; being disappointed by one of the strongest teams met this season.

Homecoming 1982 will be remembered as one of the many happy memories we will hold of our high school years.

Fashion JCHS Style

"IMAGES" Fashion JCHS style. The annual fashion show for 1983 was spelled SUCCESS. Young ladies modeling their own creations must be a source of pride for themselves and a sight to be appreciated for those who witnessed this occasion. Young ladies you presented yourselves very well. Instants caught with the camera during rehearsal will remind us of the fine work done in our Home Economics Department this year. We are especially impressed by the creations of the Fashion Design students, Stephanie Hansen, Lestie May, Julie Smith, and Tracy Johnson.

This year was a different experience for the J.C.H.S. football team. They had what is considered a good and bad season. Mr. Esquibel was quoted to say, "This team was a real pleasure to be around." He showed that by always talking good about them to people and on the radio. You never heard a bad comment from him.

Mr. Esquibel also quoted as saying, "This was a hitting team." This was proven on the field by injuries that happened to the other teams they played, but there were no injuries to the Wildcats, on the playing field. There was one injury after the St. Johns game. Keith Fish ran into a fence that was in the process of being built. Keith was quoted to say, "Ernie ran under it and I didn't duck."

All in all, the season was a good one. Mistakes at crucial times during ball games hurt the team. Mr. Esquibel said, "For the depth we had, we would play any team with their best 14 players."

When looking back at the highlights of Joseph City High School year 1982-83 Wildcat Volleyball must be considered as one of the high points of a very full year.

Coach Duane Jones was delighted at the large turnout at the first team practice. Filling the roster were several Seniors to provide leadership and experience, Juniors to build strength and plenty of Freshmen and Sophomores to guarantee strong teams in the future. The season looked bright too, but soon to be disappointing, losing 3 of 4 of the first 9 games but pulling together, everything got better by winning the rest of our seasons games and going all the way to the State Tournament.

Exciting times when a pep bus was planned, and thanks to Eric Gibbons buying a ticket he didn't plan to use so the bus would not be canceled to take rooters to the State Tournament.

Excitement turned to frenzy when Joseph City beat Round Valley, a team we had split with during the early season, a tough Ray team was the next obstacle. After a long and very hard game Ray emerged the victor followed by another Ray win ending an exciting but disappointing season. Looking back, IT WAS GOOD!
